Growing Food

Traditions of our ancestors made our people healthy in mind, body and spirit. Growing good foods is one way of striving towards that healthy way of life

Our friend, Kent Sanmann, gave us seeds of "old" corn that we will plant and share in our Indian communities. Legacy kids and their families will be involved to learn and help the process of growing corn and other vegetables.

Garden locations will be in Muskogee at Tiger Gallery, in Okmulgee at elder housing, in Keys at Legacy Art and Wellness Center and Weeletka on Creek tribal member land.

Legacy Interviews Lakota Citizen

Les Kelly was videotaped talking about his life, his people and what he has learned over the years and many miles. Interviews will be available for viewing by Legacy members.
